

Fort Monroe, Virginia

- From I64 take exit 268 (signs clearly mark Ft. Monroe). NOTE: This exit is the last exit before going through the Hampton Roads Bridge Tunnel.
- At the light make a left, you will be on S. Mallory Street, pass Hardees on the right/McDonalds on the left.
- At the next stop light make a right on Mellen Street. Follow Mellen Street, (you will cross the John Mugler Bridge) to the entrance of the installation.
- Keep straight through the entrance and take your first left on Eustis Lane (just pass the guard station).
- You will then take your first right on Pratt Street (no street sign). We are the fourth building on the left, T-183 2nd floor.

Telephone: 757-788-5522

DSN: 680

Fort Eustis, Virginia

Enter Fort Eustis through main gate off Ft. Eustis Blvd. Fort Eustis Blvd is a major exit off of Interstate 64 and leads directly into the installation. NOTE: Ensure you head towards Fort Eustis and NOT Yorktown. Fort Eustis Blvd is called Washington after it enters the installation.

Buildings 1522, 1549

- Stay on Washington Blvd until you go around Hines Circle (to the left) and can pick up Lee Blvd. Follow Lee Blvd to 11th and take a right. Bldg 1522 (TAC Center) will be on the right and Bldg 1549 (Testing Facility) will be diagonally across on the left, 2nd floor.

Building 1737

- Stay on Washington Blvd until you go around Hines Circle (to the left) and can pick up Lee Blvd. Follow Lee Blvd to Madison Ave and take a right. From Madison take a left on Patton Ave. Follow Patton to 6th street and make a right, Bldg 1737 is located on the right.
